“ Show up at Capitols armed with precise demands

I think this is what a national mobilization has to look like. We have to get organized frens. I don't know how to do that, I've suggested a sub win here for that purpose.

Unless we are able to mobilize en masse in a coordinated and sustained effort, this is just an academic exercise.

What say you patriots? Are you ready to get serious and stop talking?

▼ Trump is the CIC. He must have the military start arresting these criminals. And seizing their assets and cash. We no longer have a rule of law. Or valid elections. The Chinese have infiltrated every aspect of our society. They have nothing to fear so far. Yet, we have investigators being assassinated, whistle blowers being threatened, young men like Seth Rich and Harrison Deal being murdered to send messages, and our freedom's being taken away. This must STOP NOW!

▼ We no longer have a functioning nation though. That's the problem. If this isn't stopped now, it never will be. Too little too late. And to start, he has to shut off the source of funding. That means seizing and freezing bank accounts and access to money, foreign and domestic. And personally, I'd rather see the nation burn than be over run by the fucking Chinese, which is right where we are headed with Beijing Biden.

▼ Be like Venezuela in 20 years? Try more like 2 years. Look what they've already managed to do with the COVID lock downs. See how many jobs they've eliminated from businesses closing their doors. Look at how they created a run on food, toilet paper, the essentials last spring. Over something that's about as benign as the common cold.

Biden will disarm and get rid of the 2A in the first 6 months. And he'll be successful. Why? Justice Roberts strong armed ACB, Kavanaugh and Gorsuch from taking the Trump election case. You think he's gonna protect the 2A? No effin way.

Keep a group small, armed militia of 4-5 max and people you trust with your life.

This is why it's essential for Trump to appoint a special prosecutor he can trust, and who's familiar with RICO, like Rudy. Because under RICO, the government(prosecutor) can freeze and seize bank accounts and assets PRIOR to any conviction. And the money supply funding BLM, Antifa, etc. is shut off.

4 Making phone calls isn't going to do a damn thing except get your name on a list. You think these RINOS and Dems give a crap about getting calls? Nope. You know what they care about? Not being able to golf at the club on Saturday because they can't pay their country club dues. Or not being able to wine and dine their mistresses/girlfriends because their black Amex cards have been frozen. Or if you're a member of the Biden family, having access to cold hard cash for meth, crack and hookers. This is why Trump has got to stop the money flow. They have no power if they don't have access to funds. You want to see how fast you get Nancy Pelosi to heel? Have the Bureau of Land Management declare her families vineyards federal land. You want to see Mitch McConnell do a 180 and shine Trump's shoes in the oval office at high noon on Sunday? Have the Pentagon commandeer Elaine Chao's families' transport business to deliver the COVID vaccines worldwide.
